

VCSC Minutes ~ March 2, 2019

Clyde called the meeting to order at 11:31 with 21 members present.

Jim noted there were more present than last month and that it was nice to see John & Rhea. He lamented how it has rained, sometimes pouring, on the first three VCSC meetings of 2019 and hoped it

wasn't an omen. He thanked the brave souls who attended during the deluge last month. Discussion was that it hasn't impacted VCSC meetings like this since the 90's.

Old Business - None

New Business - March birthday wishes to Mark Singer, Gina Moore, John Metcalf, Paula Ewing, Charles McClendon, Paul Pollock, Anne Roche and Len Mazzuca. Jerry noted that Phil & Anne Roche were in north East Asia.

Jim announced the sudden passing of former member, Marshana Fuentes. Her memorial is Saturday, March 16 in Santa Clarita. Her husband, Larry, is a special effects coordinator who worked with George Tuers on many shows, most currently NCIS. Several current members knew Marshana & Larry so will be attending the service. Gina to send out an email blast with the information in case others wish to attend the service.

Due to Marshana's memorial, the tour of Greystone Mansion – The Doheny Estate & Gardens will need to be rescheduled. Two dates are left for the year – March 23rd and May 18th. Those present who are going on the tour chose March 23rd as the alternate date so Gina will send out a reschedule notice to all. There are still a couple of spots available for anyone who might want to join us.

Car Problems – While not a Corvette, Jim told of their issue with the CTS-V Wagon. Turned out the supercharger needed to be replaced and apparently GM is aware as they extended the warrantee of it to 10yrs, 120 miles. Thank goodness!

Around The Board –

Vice President – Spencer said they'll be gone for the April meeting as they'll be in Molokai for some R & R. Also hoping there will still be some wild flowers for the Rock Inn run in June.

He asked if there was interest in touring the private car collection of the owner of The Guitar Center. Spencer has a connection to the owner. He thought maybe in August instead of the Santa Monica Air Museum as they have yet to return his calls. Those present were interested.

He has info available to anyone interested in the class-action lawsuit for 2010-13 Corvettes. Contact him if interested.

Lastly, today's event to The Oakridge Estate is \$15 per person payable to Alyse.

Secretary – The 2019 roster will go out tomorrow with whatever info we've received.

Treasurer – Loretta says we're looking good with a deposit already paid to Airtel for the Christmas party and for the recent product order. Jerry asked if Ron had sent a copy of receipt for picnic but Loretta said she hadn't received anything yet.

Membership – Barbara noted that February was a VERY active month and she's glad it's over what with Gina having a 85% heart blockage prompting stent surgery, Vicki Martin fell and broke a hip but is home now, Marshana Fuentes passed away suddenly, Vicki Stanton had hernia

surgery and is doing well, Colleen needs another operation on her innards and Sheryl Miller is scheduled for back surgery on April 3rd. Also Sheryl was knocked down by an out-of-control dog cutting her head – Jerry’s looking towards at new ZR1!

Jim thanked Barbara for “holding his hand” and being by his side at the hospital for Gina’s surgery – it was a great comfort. And he knew she’d have a list of questions for the Dr. just like Gina would! They told the Dr. and hospital that Barbara was Gina’s sister...something Gina had also done when Barbara was in the hospital!

Webmaster – Paul said the web site is ok but the house is a mess. He & Francie are having painting, carpeting and flooring done to the house.

Feature Editor – Paul will be working on the next one once the house is back in order!

Historian – Jerry noted that Vicki Martin is home from rehab after breaking her hip. Joe Martin thanked the club for their condolences in the loss of his son. Dennis Martin wanted to be here but couldn’t just yet after his brothers’ death. Jerry said there was a good turnout for the memorial even in the rain but not many VCSC members present. Also, Christa Hicks is still on the mend and will be at an American Legion event.

Product – Alyse noted that Monarch increased the minimum to 12 pieces but Colleen’s friend will work with us for smaller quantities & screen printing. She says she has some of the large, three car patches for \$35 plus \$18 to sew on and small ones for \$15.

Sargent at Arms – Clyde has radios for anyone wishing one today.

Comments/Concerns –

Rhea Medeiros shared that the Poppy Preserve super bloom is mid-March into April and that it is different from the Poppy Festival. She suggested folks go to the Preserve early as it can get very crowded and weekends are crazy. Also go prepared for windy conditions.

Contact John Medeiros if interested in a 2014 C7 Corvette with 690 HP Lingenfelter - \$52,500 or trade for mid-year.

Dinner drawing was won by the Medeiros’.

Name Badge drawing was \$15 but Francie Pollock didn’t have hers on! Next month will be \$20!

Meeting adjourned at 12:23 pm

Respectively submitted by *Gina Moore*, Secretary
