

VCSC Minutes ~ April 6, 2019

The meeting at the Junkyard Café followed a tour of Justice Brothers' personal car collection. It was called to order at 2:36pm with 17 members present.

Jim wished Sheryl Miller (8th), Alyse Hoglund (12th), Vicki Stanton (15th), Shannon Powers (20th), Donna Boner (25th) and Karen Whetstone (30th) happy April birthdays.

Old Business

Jim told of the nice turn out at the memorial for Marshana Fuentes. Each of her family members spoke so we learned a lot about her that we didn't know. Larry seemed to be holding up pretty well with all the support.

He went on to say that the run to Greystone Mansion & Gardens was a great event and those who didn't attend really missed something special. The weather was great for the run, the tour fascinating and dinner excellent. Jim hopes everyone will want to go again maybe when they finish the museum.

Jerry reported that Sheryl's back surgery was actually two surgeries – one to put pins in her hip and another to remove some broken hardware. She is doing well all considered.

Clyde reported that Colleen's surgery to repair sagging innards and a hernia went well. She and the dog are doing fine!

New Business

Jim reminded everyone there would be no meeting in May as many officers will be out of town.

Car Problems

Not a problem but Mike Hymes is selling his 2019 C7. It's orange with black interior, has 4,300 mi and two years warrantee left. He's asking \$50K.

Sharon Lederer said she saw a new ZR1 in the parking lot. Anyone know who it belongs to? Michael???
