

V.C.S.C. Minutes ~ April 2, 2022

The meeting was held at Junkyard Café. President Jim Moore called the meeting to order at 12:37pm with 30 members present noting it was good to be back in The Garage!

Announcements

Guest and former member Richardo Panameno and his family were introduced. New members Don Bail and Sally Kierstead were present and our newest members, Mike & Sheri Dixon were welcomed.

Barbara gave an update on Loretta L'Oddo who was in a car accident and will remain in the hospital a bit longer. She had surgery on her ankle and shoulder. Luckily her husband Vince was not with her and he's a bit lonely as he misses her. Jim added that Vince had already called Honda, had a new van delivered and set up the company to install or reinstall the scooter lift.

April birthday wishes were sent to Sheryl Miller, Alyse Hoglund, Vickie Stanton, Donna Boner, Karen Whetstone & Nanci Braunschweiger

Old Business

Jim thanked Kurt for the March run to the Nethercutt Collection noting it had been a long time since the club toured it. He also noted that was the first tour since Covid-19 so perhaps that's why the group was so large. It is an amazing place, especially the musical instruments.

Phil Roche thanked Paul Pollock for the best ever April fool's joke! Spencer noted he spent an hour reading the list of Facebook members only to realize the joke at the end...Thanks Paul!

New Business

Ron Lederer shared an idea for the Christmas Party. As Airtel is iffy as a location and other venues are much more expensive, Ron suggested perhaps the club could supplement the cost to the members. Gina noted that she & Barbara had looked into a couple of places whose costs were about \$70-80 per person without entertainment. There was a bit of discussion with some agreeing and others felt members should just pay their way. Jim said the board could discuss and make a decision on new venue and any possible supplement. Don Bail said he'd check into Los Robles Country Club.

Car Problems

Ed & Karen Whetstone brought their new C8 HTC today and what a beauty. But Ed related some of the many issues he's had to get it and that today was the first time actually driving it!
